# What is the PSB?

---

# How are we doing?

---

- 52 Speaking Engagements so far for 2023.
- 1871 people have attend speaking events
- Increased our reach within the tertiary education sector with an additional 3 institutes added to our yearly speaking calendars.
- Expanded our reach with regional NZ with an increase in talks in regional centres (Invercargill, Nelson, Hastings)
- Established working relationships with Primary Health Organisations and delivered education sessions in partnership with 3 regional PHO's (Nelson Bays Primary Health, Marlborough Primary Health and Hawkes Bay Health)

# Feedback on our speakers

---

- *This presentation was hugely eye-opening and I feel extremely privileged to have had the opportunity to hear xxxx and xxxx stories. I feel like not only has my knowledge about HIV improved but my empathy and understanding towards those living with the virus have reached a whole new level. I believe education is the way forward, to eradicate stigma and judgement, help provide better care and support to those in need and help reduce rates of transmission. From my interaction with the Positive Speakers Bureau, I couldn't speak more highly of this organisation and these sessions, I gained so much from it as a medical student but believe any person from any background would also benefit.*
- *Really incredible - both were incredible speakers, and the information I got was actually nearly entirely new to me. Super grateful for the opportunity to hear xxxx and xxxx speak*
- *Was an amazing presentation and really exposed a lot of my prior beliefs around HIV as well as corrected so many statements. I thoroughly enjoyed the presentation and wish it was delivered on a bigger scale and more frequently! so informative. Thank you xxxx and xxxx*
- *Really commend their bravery to share their story with 70 students who they've never met. I found it really beneficial to listen to.*

# Learning Tools

---

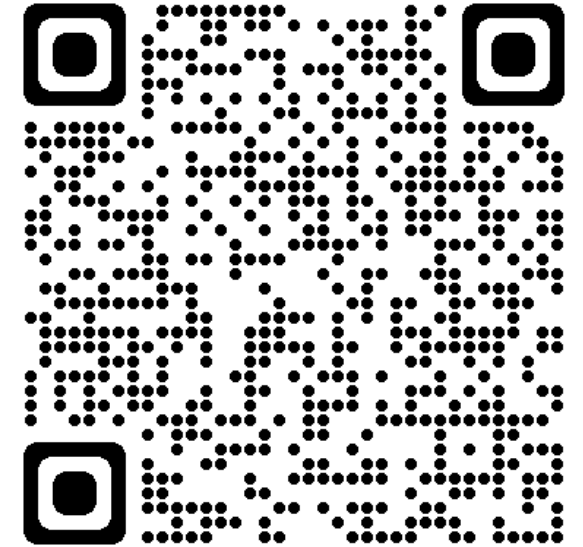

- **HIV Essentials.**

An online learning module that covers the essential of HIV.

Attracts 2 CDP points or 2 Hours of Learning for a number of Professional Bodies.

- **HIV Quiz**

A short interactive quiz that tests a personal knowledge of HIV

1,156 Completiosn of HIV  
Essentials Since July 2020

Completions of the HIV Quiz  
Since July 2020

# Moving Forward

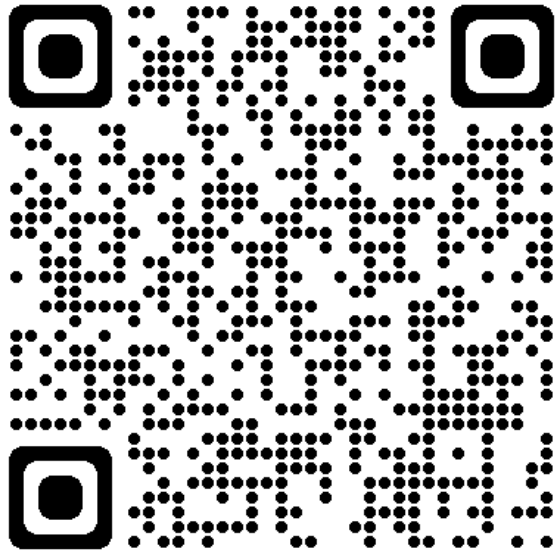

---

# How can I book a speaker?

---

- Though our website at [www.positivespeakers.org.nz](http://www.positivespeakers.org.nz) or via email at [contact@positivespeakers.org.nz](mailto:contact@positivespeakers.org.nz)
- We will speak to any group that want to hear a speaker, big or small.
